ISIN: IE00B5KQZR41

This fund is managed by Seilern Investment Management (Ireland) Limited.

Objectives and Investment Policy

The fund seeks to achieve a return on your investment above average Euro money market rates (interest rates) by investing in bonds and other short-term debt instruments with fixed or floating interest rates denominated in the currencies of the U.S., Germany, France, the Netherlands, Switzerland and Japan.

The fund invests primarily in bonds and similar securities issued or guaranteed by the government of the U.S., Germany, France, the Netherlands, Switzerland or Japan. The fund will not invest more than 20% of its investments in bonds or other debt securities issued by companies with a credit rating of A or better. A rating agency gives a rating of A when it believes that there is a relatively low risk that the issuer of the bond will be unable to make payments.
